

BREAS

Quality Policy

BREAS GROUP continuously strives to improve the patient's quality of life to enable a better transition from hospital to home.

BREAS GROUP is devoted to comply with both customer and regulatory requirements, which is essential to ensure a sustainable company.

As a group we keep our customer and their patients in focus when we design and manufacture safe, innovative and high quality respiratory and sleep therapy products.

An effective Quality Management System is always part of our daily work which is maintained by continuous improvements.
